

Detoxification for Optimum Health with Touchstone Essentials

U.S. CDC statistics show we have an average of 212+ industrial toxins stored in our body. Now we can eliminate our bodies burden of the chemicals and no longer need to worry about the toxins we breathe, eat, and drink. This detoxifier is carefully formulated to bind to positively-charged heavy metals, radioactive particles, and volatile organic compounds in a protective 'cage-like' structure and eliminate them from your body with NO harm to your eliminatory organs. Third party studies attest to the selective nature of Clinoptilolite a refined Zeolite, to remove only toxins and has been proven safe for pregnant women and infants.

If they leave the gut with toxins they can't do their job. The colon absorbs electrolyte balanced water to become the plasma or fluid of the blood and lymph system if it leaves the colon with toxins it can't carry 'T' cells & 'B' cells to fight infection and degenerative diseases.
